

How to upload slice profiles

To Simplify3D

21 June 2024

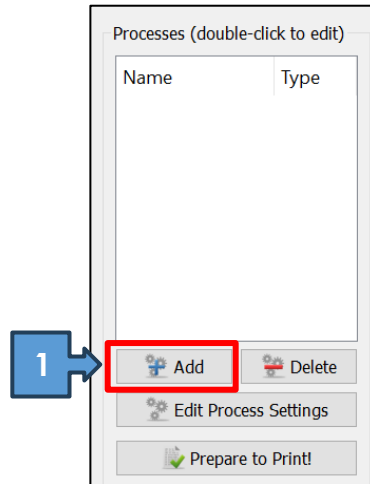

Revision 1

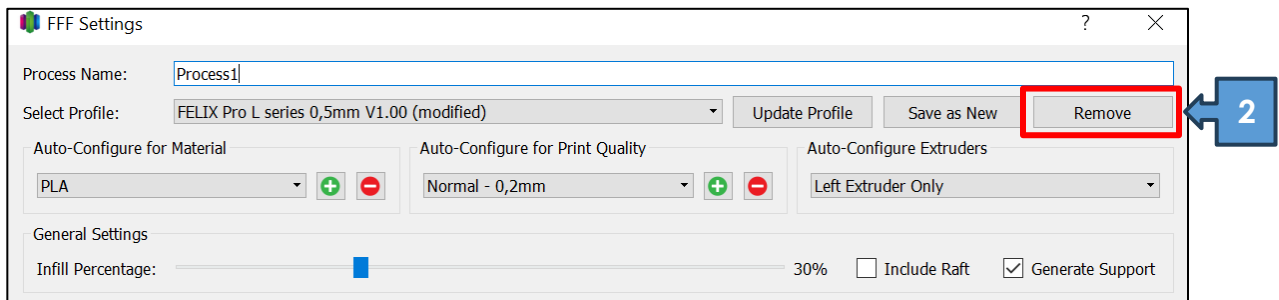

1 Upload slice profiles

1.1 Remove old profiles

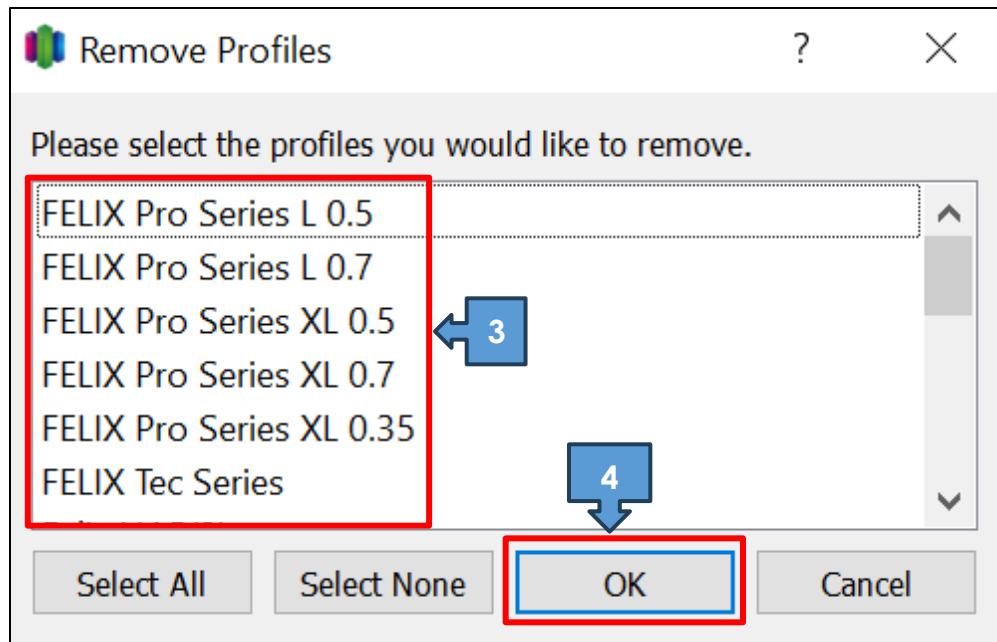

- Open Simplify3D.
- Select "Add" (1) to access the settings.

- Select "Remove" (2).

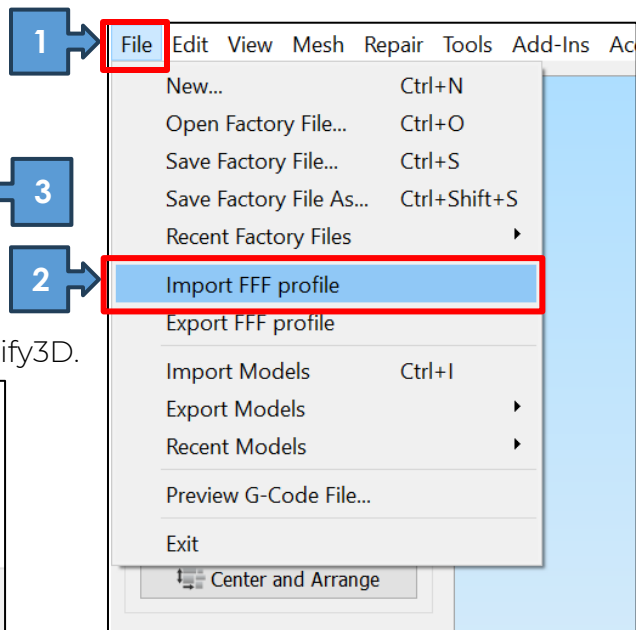

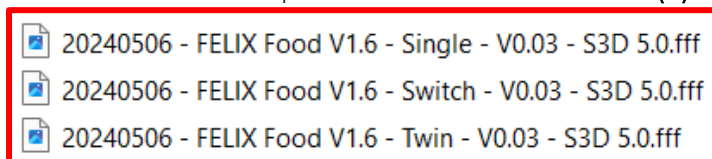

- Select all old slice profiles (3) you have installed. Write down all parameters or keep profiles with custom material recipes!
- Select "OK" (4) to confirm the removal of all selected profiles.

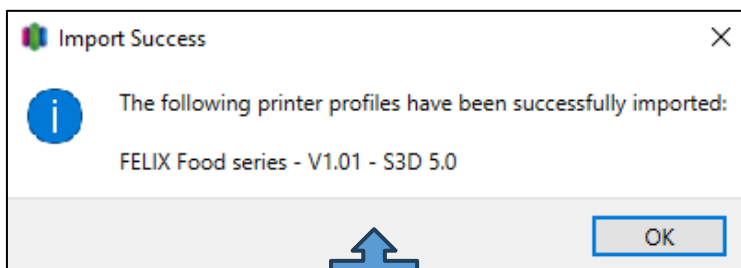

1.2 Import

- Select "File" (1) and "Import FFF profile" (2).
- Select the slice profile for the Food series (3).

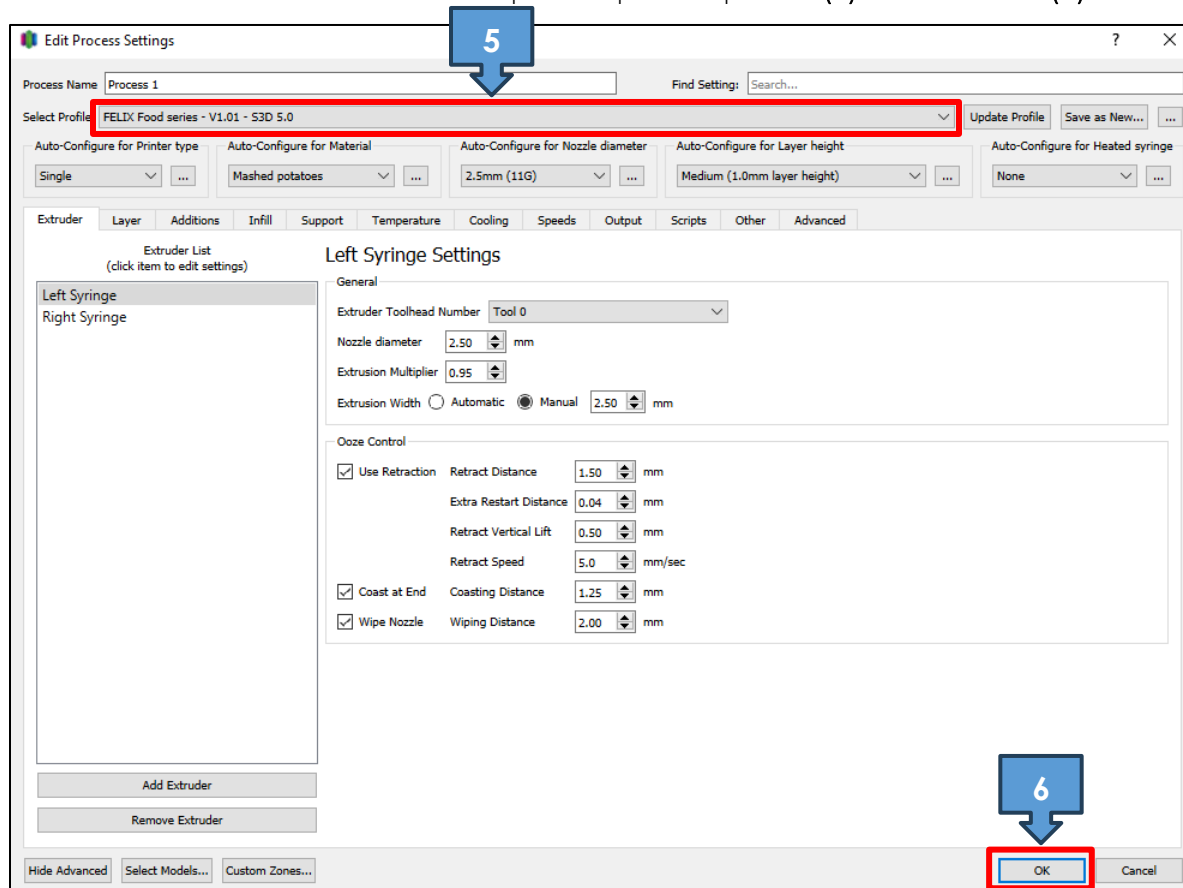

- Make sure you get this message (4) from Simplify3D.

1.3 Process

- Open a new process in simplify3D (see chapter 8.1 on page 17).
- Make sure to select the new imported printer profile (5) and hit "OK" (6).

You are now be able to use the FELIX printers with new slice profiles.
